Coal Industry Social Welfare Organisation
Financial statements for the year ended 31 December 2022

Report of the Trustees

The Trustees present their Report along with the Financial Statements of the charity for the year ended 31 December 2022. The financial statements have been prepared in accordance with the accounting policies set out on pages 17 – 21 and comply with the charity's trust deed and applicable law.

Reference and Administrative Details

Information about the charity and its Trustees is given on page 1 of this report.

Structure, Governance and Management

The Coal Industry Social Welfare Organisation (CISWO) is a national charity with the vision of enabling former coal miners and mining communities to reduce disadvantage. Established as a charity in 1995, the organisation provides a wide range of services across the whole of the former UK coalfields in order to meet our mission to improve the lives of individuals and communities facing disadvantage due to the impact of the coal mining industry. We do this through the provision of support across our beneficiary groups, improvement of resources and protection of recreational land.

The charity's Board of Trustees is responsible for overall governance, and the delivery of the organisation's strategic plan, ensuring our charitable objects are met, defined as the promotion of health, the relief of poverty and hardship, and the advancement of education and other charitable purposes for the benefit of employees and former employees of the coal industry in the United Kingdom, employed or formerly employed in any present or past coal mining area of the UK and of their relatives and dependents and of the communities in which they live within those areas.

The Board of Trustees

CISWO is governed by a singular corporate trustee, CISWO 2014 which is a charity in its own right, registration number 1160157. CISWO 2014 Board of Trustees includes 12 members in total, each appointed for their skills, experience and expertise through an open recruitment process. New Trustees receive an appropriate induction into the organisation, coordinated through the Chief Executive and Human Resources Manager. At 31 December 2022 there was one vacancy on the Board with recruitment underway.

The Board of Trustees is responsible for the professional, legal and financial governance of the charity, the formulation and implementation of organisational strategy, and overseeing the implementation of the strategy through operating plans and budgets and monitoring progress within this. The Board is supported by four committees with delegated responsibility for key aspects of oversight and governance. These include:

Finance and General Purpose Committee

Responsible for:

- Overseeing and monitoring the financial position of the charity
- Appointing and overseeing the management of the investment portfolio of the charity.
- Reviewing and recommending the annual financial budget
- Overseeing the management of property in line with the organisation's Asset Management Policy.

Audit and Risk Management Committee

Responsible for:

- Overseeing the charity's risk management systems and processes
- Appointment of the external auditors and agreeing their terms of engagement
- Reviewing the effectiveness of internal controls

Coal Industry Social Welfare Organisation
Financial statements for the year ended 31 December 2022

Report of the Trustees

- Receiving and reviewing the charity's annual accounts and report prior to full Board approval.
- Considering any areas of risk identified through internal or external audit processes.

Quality and Impact Committee

Responsible for:

- Advising on the strategic direction of the organisation's delivery of services for individuals
- Reviewing the organisation's operational policy framework and overseeing its implementation to ensure organisational adherence to good practice and legislation
- Reviewing the performance of the organisations services for individuals and advising on improvement priorities
- Being accountable for any serious safeguarding issues where necessary.

HR, Remuneration, and Recruitment

Responsible for:

- Leading on the recruitment of Trustees and senior members of staff and reviewing staff pay and retention policies
- Review HR strategy and policies and to monitor performance in relation to HR matters
- Review complaints and grievance policies, and act as advisory panel in relation to disciplinary processes.

Management

The Trustees delegate the management, implementation of strategy and overall leadership of the charity, through a defined scheme of delegation, to the Chief Executive and the senior management team.

The management of the organisation is structured into 4 regions; Scotland, North England, South England and Wales. These are supported from a central head office in Rotherham, South Yorkshire where central support functions are accommodated. During 2022, 56 staff were employed across the organisation.

Policy

The following policies underpin the organisation's grant giving. Grant criteria is agreed by the Board of Trustees and these policies are reviewed on a cyclical basis in line with good practice.

Individual Grant Giving Policy

CISWO provides financial support to individual beneficiaries in the form of grants to meet specific needs, in line with the organisation's operational grants policy. These grants are available for former miners and dependents of former miners where specific eligibility criteria are met. Grant awards are discretionary within criteria established by the Trustees of CISWO.

The Individual Grant Giving Policy defines how the organisation focuses its financial support for those in greatest need. This includes a grant provision for former mineworkers who have been diagnosed with the coal industry related disease, pneumoconiosis.

Grant applications are advertised through the organisation's personal welfare service and through organisational literature, social media channels and the website. Applications can be submitted at any point in the year following an assessment by a member of the personal welfare team to determine eligibility and need. Grants are only considered within a wider package of intervention and are submitted by a member of the personal welfare team on the client's behalf with their consent.

Coal Industry Social Welfare Organisation
Financial statements for the year ended 31 December 2022

Report of the Trustees

The Trustees delegate the responsibility for processing grant applications to the head office team with all awards authorised by the Chief Executive under criteria established through the policy.

Education Grants Policy

Education grants are awarded in accordance with the organisation's Educational Grants Policy which defines eligibility criteria and application process.

Grants are provided to eligible students to support participation in higher education. Eligible applicants include those who were employed in the coal mining industry of Great Britain where they have completed the required length of service and dependent children of such former employees, where they are financially dependent on parents. Eligibility is based upon need with grants only being offered to those families where there is demonstrable low income. Grants are available for initial higher education courses in the UK.

Recreational Facilities Development Policy

CISWO is committed to supporting other mining charities to deliver services and to secure the ongoing availability of recreational facilities in local communities. This is facilitated by the provision of financial support through grants and loans within specific parameters. Our Recreational Facilities Development Policy provides the principles and specific parameters underlying this provision alongside defining the process required to ensure this support is delivered on a systematic, equitable, and rational basis. Facilities that could benefit under this policy are identified through our ongoing partnership working with miners' welfare charities and are considered as part of a wider support package focused on sustainability to meet the needs of local communities.

Public Benefit

The Trustees confirm that they have referred to the guidance contained in the Charity Commission general guidance on public benefit when reviewing the charity's aims and objectives and future activities. In particular, the Trustees consider how activities contribute to meet the objectives set in the organisation's strategic plan as outlined below. Particular focus has been given to interventions and policies that will deliver the greatest impact to those former mining families and communities most in need. In delivering services we are aiming to provide clearer evidence of how our intervention has benefited those we work with.

Activities, Achievement and Performance

In accordance with the objects of the charity, CISWO's core activities in 2022 included:

- The provision of personal welfare support for former miners and their families including; advice, guidance, advocacy and grant assistance, and provision of social inclusion activities
- The provision of the Thornycroft day centre in Pontefract, and residential properties at sites in Yorkshire and North Derbyshire
- The preservation of recreational facilities in former mining communities
- The provision of support to other mining charities including local miners' welfare charities, regional miners' welfare trust funds and miners' convalescent trusts
- Encouragement and support for participation in higher education through the provision of education grants for former miners and their dependents.

CISWO's 5 year strategy, 2017 – 2022, outlines our commitment to the ongoing provision of services for former miners and mining communities. In this, the final year of the current 5 year strategy, we continued to work towards four strategic goals and progress is measured against these.

Coal Industry Social Welfare Organisation
Financial statements for the year ended 31 December 2022

Report of the Trustees

1 Our services will make a real difference, and be of high quality, focusing on those individuals and families most in need. In 2022:

We continued to focus on those most vulnerable, our services being a lifeline for many with significant health issues, socially isolated, and with limited support networks. With significant increases in the cost of living, and the disproportionately negative impact this has on those with low incomes, in 2022 we introduced a one off grant for former mineworkers and their dependent beneficiaries to specifically support with high energy costs. Through this and other specific interventions we provided:

- Support for 5,429 former miners or their family members delivered through our personal welfare service
- £2,982,582 in income secured for beneficiaries by our staff completing 1,124 applications for additional funds or financial support
- £200,930 provided in grants to 406 former miners and their families in need.
- Of this, 274 grants awards were made, totaling £54,800 to former miners or their partners to support with increasing energy costs
- And, £106,500 was awarded specifically for former miners or partners to aid with additional needs caused by pneumoconiosis
- 35 education grants were awarded totaling £52,500 for the academic year 2022 / 2023
- A fully open social centre in Pontefract, further developing our reach for those socially isolated.

2 We will support other mining charities to deliver services where there is evidenced need

Following the previous two years of the pandemic, 2022 proved to be a challenging year for our network of mining charities. Each of these standalone charities is governed by their own independent Board of Trustees acting in a voluntary capacity to provide recreational and social activities in their local community. With the first full year of re-opening since 2019, local charities focused on re-engaging with their local communities. However, with inflating operating costs and lower disposable income across the main user groups impacting on both income and expenditure, the challenges of sustainability continue. Our support to other mining charities is therefore more important than ever and in 2022 we supported miners' welfares through;

- Financial support for mining charities to develop their facilities. During 2022, £165,995 was provided to miners' welfares to fund capital development
- Regular guidance briefings relating to key matters impacting local charities such as funding, managing land and buildings, and good governance
- Initiating networking workshops for local mining charities to come together to share best practice.
- Ongoing support to 9 regional grant making and convalescent trusts over the year facilitating them in turn, to provide additional benefit for former mining communities and individuals.

3 We will secure the provision of recreational facilities where these are still needed and utilised by former coal mining communities

- We have continued to protect over 200 recreational sites, amounting to approximately 1,500 acres across the UK, for recreational use under CISWO's custodianship. Recreational sites include all forms of recreation from playgrounds to leisure centres, access to fishing, to football grounds and community centres to miners' welfares offering recreational activity
- We have continued to protect a further 300 sites, amounting to approximately 2,000 acres of recreational land through CISWO's retention of legal rights or fiduciary interest. These sites, formerly held under mining charitable trusts, have been transferred to a tier of local government such as a local authority, or parish council. CISWO provides a protective role in ensuring that

Coal Industry Social Welfare Organisation
Financial statements for the year ended 31 December 2022

Report of the Trustees

these sites are retained for recreational purpose, not disposed of or developed inappropriately. CISWO supports statutory providers to understand their responsibilities for these facilities and challenges where such responsibilities are not upheld

- We have continued to disseminate funding opportunities to support recreational activities in local communities
- We have supported local projects and charities to apply for funding to further develop their facilities and ensure they are fit for the future.

4 *We will secure the ongoing financial viability of the organisation to meet current and future needs*

- We have completed the improvements to our IT infrastructure, ensuring we have a resilient platform to underpin our work
- We have developed our new 5 year strategic plan outlining our priorities and goals for 2023 – 2027, focused on making a greater positive impact for individuals and communities.

Activities in Scotland

Scotland's dedicated personal welfare team provided support to 595 individual clients during the year with beneficiaries supported to access an additional £371,495 income through increased benefits, grants and financial aid.

Improved support has been offered for local mining charities with dedicated management support provided through the local Scottish CISWO office and additional support through the organisation's head office.

Report of the Trustees

Plans for the Future

CISWO's new 5 year strategy for 2023 – 2027 was developed during the year and focuses on creating a strong, sustainable organisation that can meet both the current and future needs of former coal miners and mining communities. It will build on the past work of the organisation, drive current work, and set strong foundations for the future.

We recognise that the needs of our beneficiary groups are changing and also recognise that the current environment for both individuals and community organisations is more challenging than ever before. We will adapt and evolve to support those most impacted and ensure that CISWO is here for the long term.

We have set ambitious objectives for the next 5 years focused on three key themes:

In 2023 we will begin our journey to:

ENABLE those we work with to achieve positive outcomes, providing support to help them achieve their goals through:

- Creating opportunities for our client groups to influence what we do, developing our mechanisms for evaluation and impact measurement
- Further development of our services to reduce social isolation, with a particular focus on expanding our reach at the Thornycroft Centre in Pontefract and outreach provision
- Build capacity in our teams to develop new interventions and additional support to focus on those most in need.

DEVELOP our services to meet the changing needs of individuals and communities. We will DEVELOP our organisation to be fit for the future; We will DEVELOP our employees to have the skills to meet the challenges by;

- Continuing to support those most in need, developing additional provision for those in crisis
- Increasing our capacity to secure additional funding for our beneficiary groups

Coal Industry Social Welfare Organisation
Financial statements for the year ended 31 December 2022

Report of the Trustees

- Investing in the development of our workforce to ensure we have the best staff team who are well equipped, supported and trained to meet the needs of the future.

IMPROVE the lives of those we work with, **IMPROVE** the services we deliver, and **IMPROVE** the impact we have on individuals, communities and other organisations we work with through:

- Increasing our investment of funds in former mining communities and community facilities
- Ensuring those that need support know what we can offer and how to access us, secured through increased profile-raising activity and an improved digital presence
- Greater transparency of the impact we have made with individuals, other charities and communities.

Financial review

Our funds have been applied to support the strategic delivery plan. Supporting the plan requires:

Expenditure to provide the structure to deliver our front line services. Main areas of expenditure are:

- Staff, through which our core activities are delivered
- Direct service delivery at the Thornycroft day centre
- Direct grant expenditure to former miners and their dependents
- Funding for capital development at miners welfares
- Management of recreational land assets
- Infrastructure to support the services provided through the office structure, direct administrative support and IT

Management of income. Main sources of income received in the year were:

- Return on investment portfolio – we are predominantly funded through our investments
- Charitable activities – support to regional trusts funds, provision of services through direct delivery and through land interests, namely rent.

The income for 2022 is £1,670,581, a decrease from 2021 of £2,887,652. The main income in 2022 was generated through the investment portfolio with dividend and interest of £1,051,818 being received. This amounts to 63% of our total income. Investment income yield was 3.1% measured against the opening valuation of the portfolio and the cost of generating this income remained at 0.42% of the value of the portfolio.

In 2021 significant other income was received from charitable assets transfers and the disposal of land no longer sustainable or used for charitable or recreational activity. There have been no receipts of this nature in 2022.

Total expenditure on charitable activities (prior to accounting for the pension deficit liability) was £3,299,183, a decrease from 2021 (£3,429,604). Expenditure increased on services to personal beneficiaries as our staff team expanded to manage increased demand and individual grant giving also increased. The 2021 cost includes pension deficit contributions of £246,000, no such contributions were made in 2022.

In accordance with FRS 102 and the Charities SORP FRS 102, the liability relating to past service in the Industry Wide Coal Staff Superannuation Scheme has been accounted for as the present value of the agreed deficit contributions. During the year, there were no contributions paid to the scheme (2021:

Coal Industry Social Welfare Organisation

Financial statements for the year ended 31 December 2022

Report of the Trustees

£246,000). An actuarial valuation of the scheme was undertaken as at 31 December 2021, the resulting recovery plan requires payments to be made of £27,333 for a period of 14 Months from April 2023. This total liability of £382,667 has been included in the 2022 accounts.

The deficit before accounting for the movement on investments was £2,139,612 (2021: £430,036).

2022 was a very challenging and turbulent year for global investment markets which were impacted by a number of factors including high inflation and the prospect of worldwide recession. Consequently, the value of the portfolio decreased by £2,901,080 (2021: increase of £3,291,380).

Reserves

The unrestricted reserves of the charity, excluding the value of fixed assets and investment properties, stood at £9,123,100 as at 31 December 2022. As part of the consideration in determining the reserves policy the Trustees take in to account the necessity to balance the needs of current and future beneficiaries. We are committed to providing long term sustainable services and are heavily reliant upon our investment income to enable us to deliver these services. Adequate reserves are therefore maintained to provide the income requirements anticipated both in the short and long term. The reserves policy will be reviewed annually and expenditure budgets will be built around the strategic plan.

Managing Change and Risk

The major risks to which the charity is exposed are:

- Reliance on investment performance – ensuring adequate returns in challenging market conditions
- Capability and capacity of service delivery to respond to fluctuating demand
- Inability to respond to external environmental challenges.

Controls have been identified to minimize and manage these and other risks. Trustees continually assess the process of change and risk. The Audit and Risk Management Committee examines management risk registers and undertake the formal review of the strategic registers on an annual basis. Specifically the investments of the organisation are managed by specialist charity investment advisors, Rathbones Investment Management Limited. The performance of the funds is reviewed quarterly and monitored against agreed benchmarks by the Finance and General Purpose Committee.

The establishment of the Quality and Impact Committee provides greater scrutiny to our delivery of services to individuals, reviewing of performance and advising on improvement priorities, thereby reducing the risk of the organisation not being able to respond to fluctuating demand.

A detailed operational plan has been developed to deliver the organisation's strategic goals and progress against this plan is reported and monitored at each meeting of the Board of Trustees.

Fundraising

CISWO does not undertake any fundraising activity or engage with any commercial fundraiser to undertake this activity on our behalf. Any funds received through occasional donations and gifts from individuals are unsolicited and have to date been unconditional in nature.

Investment Policy and Objectives

The investments of the charity are managed by Rathbones Investment Management Limited and constantly reviewed by the Trustees and by the Finance and General Purposes Committee composed of Trustee members.

Coal Industry Social Welfare Organisation
Financial statements for the year ended 31 December 2022

Report of the Trustees

The primary objectives are to ensure that the Funds maximize the long-term total returns within a medium level risk profile as well as meeting the withdrawal requirements of the charity.

Performance of the investments, which are compared against agreed benchmarks, are calculated by Rathbone Investment Management Limited and measured on a total return basis.

In 2022 the investment portfolio performance was a return of -5.8%, compared to the benchmark of a return of -5.1%.

Going concern

We are not reliant on external funding or fundraised income which could be adversely impacted in the current external environment. We have not made any extended commitments that will significantly alter our financial position. We manage a planned deficit budget and have sufficient liquid resources to meet our obligations for the foreseeable future, (a period of at least 12 months). Our longer term funding is provided by our investments. These investments are actively managed by our investment managers. The organisation has ensured ongoing effective governance of the charity through regular reporting of activity to the Board and the holding of the usual cyclical Board and Committee meetings.

The Trustees, having reviewed cashflow forecasts to December 2024 do not believe that there are any material uncertainties which cast significant doubt on the ability of the charity to continue as a going concern.

Trustees' responsibilities statement

The Trustees are responsible for preparing the Trustees' report and the financial statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

The law applicable to charities in England, Wales and Scotland requires the Trustees to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the charity and of the incoming resources and application of resources of the charity for that period. In preparing these financial statements, the Trustees are required to:

- Select suitable accounting policies and then apply them consistently
- Observe the methods and principles in the Charities SORP (FRS102)
- Make judgements and estimates that are reasonable and prudent
- State whether applicable accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- Prepare the financial statements on the going concern basis unless it is inappropriate to presume that the charity will continue in business.

The Trustees are responsible for keeping proper accounting records that disclose with reasonable accuracy at any time the financial position of the charity and enable them to ensure that the financial statements comply with the Charities Act 2011, the Charities and Trustee Investment (Scotland) Act 2005, the Charities Accounts (Scotland) Regulations 2006 (as amended), applicable accounting regulations and the provisions of the trust deed. They are also responsible for safeguarding the assets of the charity and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The Trustees are responsible for the maintenance and integrity of the charity and financial information included on the charity's website. Legislation in the United Kingdom governing the preparation and dissemination of financial statements may differ from legislation in other jurisdictions.

16 May 2023

Coal Industry Social Welfare Organisation
Financial statements for the year ended 31 December 2022

Independent auditor's report to the Trustees of Coal Industry Social Welfare Organisation

Opinion

We have audited the financial statements of Coal Industry Social Welfare Organisation for the year ended 31 December 2022 which comprise the statement of financial activities, the balance sheet and notes to the financial statements, including significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 102, the Financial Reporting Standard applicable in the UK and Republic of Ireland (United Kingdom Generally Accepted Accounting Practice).

In our opinion the financial statements:

- give a true and fair view of the state of the charity's affairs as at 31 December 2022 and of its incoming resources and application of resources for the year then ended
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice
- have been prepared in accordance with the requirements of the Charities Act 2011; and
- have been prepared in accordance with the requirements of the Charities and Trustee Investment (Scotland) Act 2005 and regulation 8 of the Charities Accounts (Scotland) Regulations 2006 (as amended).

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the charity in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

In auditing the financial statements, we have concluded that the Trustees' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the charity's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the Trustees with respect to going concern are described in the relevant sections of this report.

Other information

The Trustees are responsible for the other information. The other information comprises the information included in the annual report, other than the financial statements and our auditor's report thereon. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

Our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the course of the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether this gives rise to a material misstatement in

**Coal Industry Social Welfare Organisation
Financial statements for the year ended 31 December 2022**

Independent auditor's report to the Trustees of Coal Industry Social Welfare Organisation

the financial statements themselves. If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact.

We have nothing to report in this regard.

Matters on which we are required to report by exception

We have nothing to report in respect of the following matters in respect of which the Charities (Accounts and Reports) Regulations 2008 and the Charities Accounts (Scotland) Regulations 2006 (as amended) require us to report to you if, in our opinion:

- the information given in the Trustees' Annual Report is inconsistent in any material respect with the financial statements; or
- the charity has not kept proper and sufficient accounting records; or
- the financial statements are not in agreement with the accounting records and returns; or
- we have not received all the information and explanations we require for our audit.

Responsibilities of trustees

As explained more fully in the Trustees' Responsibilities Statement set out on page 10, the trustees are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the trustees determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the trustees are responsible for assessing the charity's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the trustees either intend to liquidate the charity or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements

We have been appointed as auditors under the Charities Act 2011 and the Charities and Trustee Investment (Scotland) Act 2005 and report in accordance with regulations made under those Acts.

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect material misstatements in respect of irregularities, including fraud. The specific procedures for this engagement and the extent to which these are capable of detecting irregularities, including fraud are detailed below.

Identifying and assessing risks related to irregularities:

We assessed the susceptibility of the charity's financial statements to material misstatement and how fraud might occur, including through discussions with the trustees, discussions within our audit team planning meeting, updating our record of internal controls and ensuring these controls operated as intended. We evaluated possible incentives and opportunities for fraudulent manipulation of the financial statements. We identified laws and regulations that are of significance in the context of the charity by discussions with trustees and updating our understanding of the sector in which the charity operates.

Coal Industry Social Welfare Organisation
Financial statements for the year ended 31 December 2022

Independent auditor's report to the Trustees of Coal Industry Social Welfare Organisation

Laws and regulations of direct significance in the context of the charity include the Charities Act 2011, the Charities and Trustee Investment (Scotland) Act 2005, the Charities (Accounts and Reports) Regulations 2008, the Charities Accounts (Scotland) Regulations 2006 (as amended) and guidance issued by the Charity Commission for England and Wales and the Office of the Scottish Charity Regulator.

Audit response to risks identified:

We considered the extent of compliance with these laws and regulations as part of our audit procedures on the related financial statement items including a review of financial statement disclosures. We reviewed the charity's records of breaches of laws and regulations, minutes of meetings and correspondence with relevant authorities to identify potential material misstatements arising. We discussed the charity's policies and procedures for compliance with laws and regulations with members of management responsible for compliance.

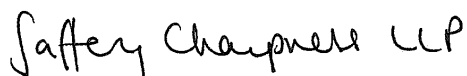

During the planning meeting with the audit team, the engagement partner drew attention to the key areas which might involve non-compliance with laws and regulations or fraud. We enquired of management whether they were aware of any instances of non-compliance with laws and regulations or knowledge of any actual, suspected or alleged fraud. We addressed the risk of fraud through management override of controls by testing the appropriateness of journal entries and identifying any significant transactions that were unusual or outside the normal course of business. We assessed whether judgements made in making accounting estimates gave rise to a possible indication of management bias. At the completion stage of the audit, the engagement partner's review included ensuring that the team had approached their work with appropriate professional scepticism and thus the capacity to identify non-compliance with laws and regulations and fraud.

There are inherent limitations in the audit procedures described above and the further removed non-compliance with laws and regulations is from the events and transactions reflected in the financial statements, the less likely we would become aware of it. Also, the risk of not detecting a material misstatement due to fraud is higher than the risk of not detecting one resulting from error, as fraud may involve deliberate concealment by, for example, forgery or intentional misrepresentations, or through collusion.

A further description of our responsibilities is available on the Financial Reporting Council's website at: www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditor's report.

Use of our report

This report is made solely to the charity's trustees, as a body, in accordance with Part 4 of the Charities (Accounts and Reports) Regulations 2008 and Regulation 10 of the Charities Accounts (Scotland) Regulations 2006. Our audit work has been undertaken so that we might state to the trustees those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the charity and the trustees as a body, for our audit work, for this report, or for the opinions we have formed.

The Venerable R G Cooper

Chairman

Charity numbers: 1015581
 SC039529

The accompanying accounting policies and notes on pages 17 - 34 form part of these financial statements.

Coal Industry Social Welfare Organisation
Financial statements for the year ended 31 December 2022

Notes to the financial statements

1 Charity information

The charity is constituted under a supplemental trust deed, and is a registered charity, number 1015581. In addition, the charity is also registered as a charity in Scotland, registered number SC039529.

The registered office is The Old Rectory, Rectory Drive, Whiston, Rotherham, S60 4JG.

2 Basis of preparation

The financial statements have been prepared in accordance with applicable United Kingdom accounting standards including Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2019) – (Charities SORP (FRS 102)), the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) and the Charities and Trustee Investment (Scotland) Act 2005 (the 2005 Act). The financial statements have been prepared on the historical cost basis except for the modification to a fair value basis for investment properties and certain financial instruments as specified in the accounting policies below.

The financial statements are presented in Sterling £s.

Preparation of accounts - going concern basis

The principal financial risk facing the charity is its ability to generate sufficient income to cover expenditure incurred in fulfilling the objectives of the charity.

We are not reliant on external funding or fundraised income which could be adversely impacted in the current external environment. We have not made any extended commitments that will significantly alter our financial position. We manage a planned deficit budget and have sufficient liquid resources to meet our obligations for the foreseeable future, (a period of at least 12 months). Our longer term funding is provided by our investments. These investments are actively managed by our investment managers and we won't require any withdrawal from those funds for at least 12 months. The organisation has ensured ongoing effective governance of the charity through regular reporting of activity to the Board and to the holding the usual cyclical Board and Committee meetings.

The trustees, having reviewed cashflow forecasts to December 2024 do not believe that there are any material uncertainties which cast significant doubt on the ability of the company to continue as a going concern.

Cashflow

The charity has taken advantage of the exemption from publishing a statement of cash flows set out in paragraph 1.12(b) of FRS 102.

Coal Industry Social Welfare Organisation
Financial statements for the year ended 31 December 2022

Notes to the financial statements

3 Significant judgements and estimates

Preparation of the financial statements requires management to make significant judgements and estimates. The items in the financial statements where these judgements and estimates have been made are the treatment of long term debtors and certain land interests.

Where a third party charity undergoing formal wind-up and/or land disposal, governed under a mining trust where the organisation has the right to any residual assets, there may be costs associated with the transaction. Where that charity does not have the resources to meet these costs (often where the only asset is land which may take a considerable period of time to dispose of) the organisation may provide funding to pay for the costs, to be claimed back from the ultimate realisation of the mining charity's assets. These cost advances are treated as debtors.

These debtors are reviewed by the executive and periodically by the Finance & General Purpose Committee. If recoverability is in doubt full provision is made against the debtor.

Consideration has been given to the appropriate accounting treatment to adopt for the properties which are required to be recognised on the balance sheet.

The accounting treatment adopted has been based on the current use of each property and its classification under the organisation's Asset Management Policy. The Policy defines the principal reason for the organisation to retain ownership of property is to secure the provision of recreational facilities where they are needed and utilised. Following a detailed review, each property has been categorised into one of the following:-

1) Fixed Assets - Investment Properties

Included within this category:

- a) Properties that are not currently in recreational use and have not been for a significant time, with no prospect of returning to recreational use, being retained for future capital appreciation
- b) Properties not in recreational use and leased to third parties under formal lease agreements under which a commercial rental is being received.

2) Fixed Assets – Social Investments

Property in long term recreational use, under lease to tenants, largely on peppercorn rentals.

3) Current asset – Investment Properties

Property no longer needed or utilised for recreational purposes, where a decision has been made to dispose of, disposal is being actively pursued and is expected within the foreseeable future.

4 Principal accounting policies

Fund accounting

The charity maintains various types of funds (funds are detailed in note 24) as follows:

Restricted funds

Restricted funds represent grants and donations received which are allocated by the donor for specific purposes.

Endowment funds

The Capital Endowment Fund comprises the former Capital Endowment Fund of CISWO and the former Endowment Fund of CIBT. Income can be drawn but capital has to be retained.

The Permanent Endowment Fund represents fixed assets that cannot be realised for revenue purposes.

Coal Industry Social Welfare Organisation
Financial statements for the year ended 31 December 2022

Notes to the financial statements

4 Principal accounting policies (continued)

The King's Silver Jubilee and Coronation Cottages Permanent Endowment Fund represents the properties transferred into the King's Silver Jubilee and Coronation Cottages trust together with any proceeds received on subsequent disposals.

None of the endowment funds can be utilised without the consent of the Charity Commission.

Unrestricted funds

Designated funds are amounts that have been set aside at the discretion of the trustees.

The Unrestricted Fund represents unrestricted income which is expendable at the discretion of the trustees in furtherance of the objects of the charity.

Income

All income is recognised in the statement of financial activities when the conditions for receipt have been met and there is probable assurance of receipt. Income from donations and grants, including capital grants, is included in income when these are receivable, except as follows:

- When donors specify that donations and grants given to the charity must be used in future accounting periods, the income is deferred until those periods.
- When donors impose conditions which have to be fulfilled before the charity becomes entitled to use such income, the income is deferred and not included in income until the pre-conditions for use have been met.
- When donors specify that donations and grants, including capital grants, are for particular restricted purposes, which do not amount to pre-conditions regarding entitlement, this income is included in income of restricted funds when receivable.
- Where a claim for repayment of income tax has or will be made, such income is grossed up for the tax recoverable.

Donations

Donations are recognised as income when they are received.

Investment income

Investment income is accounted for when receivable. Tax recoverable relating to investment income is accounted for in the same period as the related income.

Charitable expenditure

Charitable expenditure includes all expenditure directly related to the objects of the charity.

Investment Manager Fees

Fees comprise costs attributable to managing the investment portfolio and raising investment income.

Operating leases

Operating lease rentals are charged to the statement of financial activities in equal amounts over the lease term.

Grants payable

Grants payable are payments made to third parties in the furtherance of the charitable objects of the organisation.

Grants to personal beneficiaries are recognised once the grant application has been approved and communicated to the recipient.

Coal Industry Social Welfare Organisation
Financial statements for the year ended 31 December 2022

Notes to the financial statements

4 Principal accounting policies (continued)

Grants awarded under our recreational facilities development policy are recognised when the grant has been approved, communicated to the recipient and all performance conditions have been fulfilled.

Support costs

Support costs are those costs that are necessary to deliver a charitable activity but do not themselves produce or constitute the output of the charitable activity. Support costs are allocated to unrestricted funds.

Governance costs

Governance costs are those associated with meeting the constitutional and statutory requirements of the Charity, including audit fees and strategic management expenditure.

Investments

Investments are stated at market value. Investment gains and losses are shown in the appropriate section of the statement of financial activities.

Investment Properties

Investment properties are initially recognised at cost, then subsequently at fair value at the balance sheet date, where the fair value reflects the current use of the property. Where an investment property has been categorised as a social investment the property is recognised at cost less any impairment.

Tangible fixed assets and depreciation

Tangible assets are stated at cost, net of depreciation.

Depreciation is provided on a straight line basis to write off the cost of fixed assets over their estimated useful lives at the following rates:

Freehold property	3% - 10% per annum
Freehold property – King's Silver Jubilee and Coronation Cottages	The properties were transferred to the Trust at a nominal value of £1 each and are stated in the balance sheet at this value.
Furniture and equipment	10% per annum
Computers and related equipment	20% per annum
Motor vehicles - minibuses	25% per annum

Impairment of assets

At each reporting date fixed assets are reviewed to determine whether there is any indication that those assets have suffered an impairment loss. No such loss has been identified.

Stocks

Stocks are stated at the lower of cost and net realisable value.

Charitable Asset Transfers

Charitable asset transfers relates to proceeds from the dissolution of mining charities where the organisation is entitled to the residual proceeds under the governing instrument of the mining charity concerned. Such income from these transfers is only recognised when received.

Pension costs

The charity contributes to the Industry Wide Coal Staff Superannuation Scheme, a defined benefit scheme. Payments are made in accordance with instructions given by the actuary and charged to the statement of financial activities. The scheme is a multi employer defined benefit scheme, but is being accounted for as a defined contribution scheme as the employer is unable to identify its share of the underlying assets and liabilities in the scheme on a consistent and reasonable basis. The scheme closed to new entrants on 1 January 1995.

The charity contributes to a defined contribution scheme for employees who wish to participate in it.

Coal Industry Social Welfare Organisation
Financial statements for the year ended 31 December 2022

Notes to the financial statements

4 Principal accounting policies (continued)

Taxation

The fund is a registered charity and is potentially exempt from taxation in respect of income and capital gains received within categories covered by Part 11, Chapter 3, CTA 2010 or Section 256 of the Taxation of Chargeable Gains Act 1992, to the extent that such income or gains are applied to exclusively charitable purposes and as such has no liability to tax on its charitable activities.

Redundancy and termination payments

All redundancy and termination payments and amounts in lieu of notice are charged or accrued as incurred.

Debtors

Short term debtors are measured at transaction price, less any impairment. Loans receivable are measured initially at fair value, net of transaction costs, and are measured subsequently at amortised cost using the effective interest method, less any impairment.

Creditors

Short term trade creditors are measured at the transaction price. Other financial liabilities are measured initially at fair value, net of transaction costs, and are measured subsequently at amortised cost using the effective interest method.

Provisions for liabilities

Provisions are recognised when the charity has a present obligation (legal or constructive) as a result of a past event, it is probable that the charity will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation.

Financial instruments

The charity only has financial assets and financial liabilities of a kind that qualify as basic financial instruments. Basic financial instruments are initially recognised at transaction value and subsequently measured at their settlement value, representing amortised cost, as follows:

Financial instrument	-	Measurement on initial recognition
Cash	-	Cash held
Debtors	-	Settlement amount
Creditors	-	Settlement amount

5 Net expenditure

Net expenditure is stated after charging:	2022	2021
	£	£
Auditor's remuneration – audit of the financial statements	18,400	16,900
Depreciation on tangible fixed assets	78,162	76,546
Net profit on disposal of tangible fixed assets	(16,840)	(668,557)
Rentals under operating leases	38,229	51,592

Coal Industry Social Welfare Organisation
Financial statements for the year ended 31 December 2022

Notes to the financial statements

12 Charitable Activities

A summary of the major cost components is given below:

	2022	2021
	£	£
Community welfare services and services to other charities	391,927	431,794
Services to individuals	931,827	817,167
Grants to individuals	254,380	196,863
Recreational facilities grants	165,995	266,548
Thornycroft day centre	284,820	198,769
Land management	237,001	231,576
Costs in support of charitable activities	956,553	959,699
Pension deficit funding	-	246,000
Governance costs	76,680	81,188
Costs in support of charitable activities	3,299,183	3,429,604
Increase/ (Decrease) in repayment plan pension liability (note 26)	382,667	(246,000)
	3,681,850	3,183,604

Restricted expenditure included above is: services to personal beneficiaries £32,015 (2021: £18,830), grants to personal beneficiaries £21,900 (2021: £12,439) and land management £54,318 (2021: £20,745).

13 Transfers between funds

Transfer from Unrestricted to Endowment – Unitised Fund Investments

The whole of the investments of the Endowment Fund are held within a unitised fund managed by Rathbones. Each year the unitised fund is analysed between that part which represents unrestricted fund holdings and that which represents endowment funds. The net asset value of the endowment fund is detailed below at the beginning of the year and the end of the year and the calculation of the transfer value is shown below:

	1 January 2022 £	31 December 2022 (note 24) £
Unitised fund investments	26,147,436	24,011,568
Net value of investments in Endowment Fund	<u>26,147,436</u>	<u>24,011,568</u>
Movement of net asset value in year		(2,135,868)
Transfer value transferred to unrestricted fund		<u>(2,135,868)</u>

14 Revaluation of Investment Properties

	2022	2021
	£	£
Increase/(Decrease) in value of fixed asset investment properties	6,400	(49,700)
Increase in value of current asset investment properties	-	-
	6,400	(49,700)

Further details are provided in notes 16 and 18.

Transfer to current asset investment properties	-	-	-
At 31 December 2022	<u>1,225,800</u>	<u>163,769</u>	<u>1,389,569</u>

Investment properties represents 11 properties leased on commercial rentals to third parties (2021: 11) and a further 2 (2021: 2) which are not in recreational use and are retained for their capital appreciation. Properties held for commercial rental have been valued by management, as at 31 December 2022, based on the expected future income stream to be generated, the difference in valuation from 2021 has been reflected above. All other properties were valued at 31 December 2018, based on their existing use. Valuations were performed by Fisher Hargreaves Proctor Limited. These valuations are still considered appropriate as at 31 December 2022.

Social investments are used in the furtherance of the organisation's objective to continue to secure provision of recreational facilities that are still utilised and needed by former mining communities. A total of 212 properties are leased to charities, sports clubs, community organisations and local authorities. All sites are subject to leases ranging from 5 to 100 years in duration and at peppercorn rentals. It is the intention of the organisation to retain properties in recreational use in the long term, as such they are considered not to have a capital value over and above any acquisition cost.

The net assets of the charity are represented by the following funds:

Unrestricted Fund

This is the core operational fund of the charity through which all its operational work is channelled.

Endowment Fund (Endowment Fund)

This is the core investment reserve fund of the charity. It comprises the former Capital Endowment Fund of CISWO and the former Endowment Fund of CIBT.

Permanent Endowment Fund (Endowment Fund)

This fund is comprised solely of fixed assets that cannot be realised for revenue purposes.

King's Silver Jubilee and Coronation Cottages Permanent Endowment Fund (Endowment Fund)

The Charity Commission Scheme which linked this charity to the organisation required the properties to be separately identified together with the proceeds received upon any subsequent disposals.

King's Silver Jubilee and Coronation Cottages Restricted Fund (Restricted Fund)

This fund is to be applied in meeting the costs of administering and managing the King's Silver Jubilee and Coronation Cottages properties. In 2022 the fund had income of £11,703 from the properties and incurred expenditure of £49,379 on maintenance. The Trustee is aware of the deficit on this fund and is taking steps to rectify it.

Four Collieries Fund (Restricted Funds)

This fund was established by gift transfer from the United Collieries Benevolent Fund and is to be used for the relief of hardship in the East Midlands Coalfield. There were no movements on the fund in 2022.

North Derbyshire NUM Fund (Restricted Funds)

These funds were transferred to the organisation in 2015. The funds are to be used at the discretion of the trustees to benefit the mining communities of North Derbyshire. In 2022 expenditure totalling £58,854 was incurred on grants to individuals and staff resource from this fund.

25 Merger with the Coal Industry Benevolent Trust and King's Silver Jubilee and Coronation Cottages

Under a Charity Commission Scheme for England and Wales dated 1 January 2010, the Coal Industry Benevolent Trust (CIBT) and King's Silver Jubilee and Coronation Cottages are to be treated as forming part of the Coal Industry Social Welfare Organisation for the purposes of Part II (registration) and Part VI (accounting) of the Charities Act 1993.

The trusteeship of the property of CIBT was transferred by scheme to CISWO for the relief of poverty and hardship amongst that charity's beneficiaries. The permanent endowment property of CIBT will be administered by CISWO as a linked charity. King's Silver Jubilee and Coronation Cottages will be administered in accordance with its governing document by CISWO.

26 Pension Schemes

Industry Wide Coal Staff Superannuation Scheme

The charity contributes to the Industry Wide Coal Staff Superannuation Scheme, a defined benefit scheme for the benefit of 61 former employees. The assets of the scheme are administered by pension scheme trustees in a fund independent from that of the charity. The scheme was closed to new entrants on 1 January 1995.

The charity's contributions are affected by a surplus or deficit in the scheme, but the charity is unable to identify its share of the assets and liabilities when they choose. The charity has applied the multi-employer exemption to account for the scheme as a defined contribution scheme.

The cost for the year for this scheme was £33,872 (2021: £323,996).

The last actuarial valuation was undertaken as at 31 December 2021 and the resulting repayment plan requires the organisation to pay deficit contributions of £27,333 per month from 1 April 2023 to 31 May 2024.

Defined Contribution Scheme

The charity contributes to defined contribution scheme on behalf of employees. The cost for the year was £157,936 (2021: £148,548).

Coal Industry Social Welfare Organisation
Financial statements for the year ended 31 December 2022

Notes to the financial statements

27 Related party transactions

The trustee, The Coal Industry Social Welfare Organisation 2014 (CISWO 2014), is also the sole member of CISWO Trading Limited.

During the year ended 31 December 2022:

The charity charged CISWO Trading Limited a management charge of £136,170 (2021: 133,500) for provision of staff and administrative support. At 31 December 2022, CISWO Trading owed the charity £89,475 (2021: £80,100).

The charity incurred costs of £10,280 (2021: £10,791) on behalf of the trustee, CISWO 2014 in relation to its administration. At 31 December 2022, CISWO 2014 owed £10,280 (2021: £10,791) to the charity.

In addition, CISWO received a grant of £65,850 (2021: £40,551) from the Yorkshire Miners Welfare Trust Fund (charity no 516535), 2 of the Trustees of that Fund are also Trustees of CISWO 2014.

28 Operating lease commitments

The total lease commitments under non-cancellable operating leases is as follows:

	Land and Buildings 2022 £	Other 2022 £	Land and Buildings 2021 £	Other 2021 £
In less than one year	18,750	37,552	-	31,255
Between two and five years	71,875	65,739	-	13,122
	<u>90,625</u>	<u>103,291</u>	<u>-</u>	<u>44,377</u>

29 Contingent liabilities and capital commitments

There were no contingent liabilities or capital commitments as at 31 December 2022 (2021: £Nil).

30 Provision for liabilities

	Holiday pay accrual £	Total provisions £
Balance at 1 January 2022	16,868	16,868
Released in the year	5,293	5,293
Balance at 31 December 2022	<u>22,161</u>	<u>22,161</u>

The holiday pay provision represents holiday balances accrued as a result of services rendered in the current period and which employees are entitled to carry forward. The provision is measured as the salary cost payable for the period of absence.
